Atty. Brockman, Brent and Bill have discussed 3licbse agreements with the Finger Lakes Railway. Right now we do not pay any charges for any crossings for work under or over their railroad crossings. When the PILOT expires in 2025 the (3) agreements provide the Village will have to pay \$600.00 per year for each of the crossing rights. Atty. explained right now we have two water line agreements and one sewer. Atty. felt this was important to inform the Board of this. This will kick in in another 7 seven years. Mayor explained need to get the project done which includes Johnson and Myrtle Ave. and Sheppard Street. Atty. feels we need to speak with the Rail Road in the immediate future to discuss these agreements and is there any flexibility. Atty. mentioned in section 3.2 the Rail Road can change the amount we owe at any time with giving us a 30 day notice. In section 7 they have the right to relocate the line anytime they want at the Village's expense. The Rail Road can also terminate it with a 30 day notice if they want. Gary mentioned he knows there are 4-5 including these three agreements. In 2025 when PILOT ends we would get about \$3,000 in property tax revenue increase of what we have today. Mayor mentioned these are standard agreements nothing we can do right now. Will need to discuss these in the future.
