

Spring Cleanup in Penn Yan

April 3rd – 27th

Village employees will be collecting leaves, tree branches (no larger than 3" in diameter) and yard debris beginning April 3rd and ending April 27th, starting at Burns Terrace and ending at Red Jacket. One final pass will begin April 24th. Brush can be taken by homeowner to the Village dumpsite, by appointment only, after the final pass. We strongly encourage cleanout of creeks behind properties with spring cleanup.

The debris for collection should be piled between the sidewalk and the edge of the street. DO NOT PILE DEBRIS NEAR UTILITY POLES, GUY WIRES, FIRE HYDRANTS, SIGN POSTS, WATER VALVES, TREES, STORM CATCH BASINS OR ANY OTHER OBSTRUCTIONS.

We will NOT collect large tree limbs, appliances, pieces of lumber, construction debris, plastic bags or any yard debris in plastic bags, furniture or other household items.

After April 28th, there will be no normal debris pick up until our Fall Cleanup is held.
