Re: Main Street Project Update – Paving, Sidewalks, and Curbing (Elm St to Clinton St)

Dear Residents,

The Village of Penn Yan went out to bid to repave Main Street following the water main project. This is part of the Village's ongoing efforts to revitalize Main Street.

Since the previous letter was sent regarding the curbing and sidewalks, the same contractor has been awarded the paving portion of the project. Due to this, these pieces of the project will be able to be done simultaneously. The road will be closed from Elm St to Maiden Lane starting September 5<sup>th</sup> for approximately 4-6 weeks\* with weekend closures as needed.

## **CONSTRUCTION SEQUENCE**

The plan is to remove and reset the curb, box out and regrade the road, demo and pour the new sidewalks and repave the road. Once the curb is set, the contractor will begin removing and replacing the sidewalk in sections. Once a section is removed, the contractor will be grading the stone and there will be limited access into the front of your property as they are doing this for one day. The second day, concrete will be poured and no access will be allowed in the front entrances for 1-2 days based on curing and sealing. This means there will be interruptions to your property entrance for up to 3 days.

If you are a tenant or have tenants in your property that only have access to the front of the building, please contact us so we can make arrangements.

We will post updates regarding the project to the Village of Penn Yan Department of Public Works Facebook Page and the Website. Should you have any questions, please contact myself or Brett McMichael, Deputy Director of Public Works at 315-279-6535.

Thank you for your patience and cooperation with this project.

\*These are estimated timeframes and subject to change.

Sincerely,

A handwritten signature in cursive script that reads "Melissa Gerhardt".
