**PUBLIC NOTICE  
VILLAGE OF PENN YAN**

**New York Municipal Power Agency  
Case 24-E-0498  
NOTICE OF PROPOSED GENERIC TARIFF REVISIONS**

NOTICE IS HEREBY GIVEN by the New York Municipal Power Agency (“NYMPA”) that on September 4, 2024, it issued and filed with the New York State Public Service Commission (“Commission”) Tariff leaves to amend its Schedule for Electric Service, P.S.C. No. 1, Electricity to become effective January 1, 2025. These proposed changes to the General Information and Rider A are corrections to regulation references or numbering that will not impact customers.

Proposed Riders B and C to NYMPA’s Generic Tariff are discussed in more detail below. Penn Yan Municipal Utilities Board is governed by the Generic Tariff and will have the option to adopt the Riders as Addenda to its individual tariff. Even after the proposed Riders become effective in the Generic Tariff, they would not impact Penn Yan Municipal Utilities Board’s Customers unless and until Penn Yan Municipal Utilities Board adopts the Riders.

Penn Yan Municipal Utilities Board has not yet determined if it plans on adopting either of the Riders into its tariff. If Penn Yan Municipal Utilities Board chooses to adopt either or both of the Riders, it will provide further notice to its Customers in compliance with the Public Service Law and its regulations.

**Rider B – Outdoor Lighting Service Class:** This proposed Rider would add a Service Class for outdoor LED streetlights and includes a proposed formula to recover associated costs. LED streetlights are now standard, and Rider B will simply reflect the costs of providing the service.

**Rider C – Purchase of Renewable Energy from New Distributed Generators:** This proposed Rider would create a first-come, first-served program for residential and non-residential customers who own or operate electric generating equipment located and used at their premises, including solar or solar combined with energy storage. The program includes formulas for determining customer charges and credits, which will reflect the utility’s avoided costs. Specific limits on interconnected generation will be set if and when Penn Yan Municipal Utilities Board decides to adopt the rider.

The filing before the Commission is available online at the Department of Public Service website, [www.dps.ny.gov](http://www.dps.ny.gov), by clicking on “File Search” (located under the heading “Commission Files”) and entering “24-E-0498” in the box labelled “Search by Case Number.” If you wish to comment on the proposal, you can reach out to us at Village of Penn Yan Attn: Clerk-Treasurer, P.O. Box 426, Penn Yan, NY 14527 or [heasling@villageofpennyan.com](mailto:heasling@villageofpennyan.com). If you would like to comment to the Commission directly,

you can go to [www.dps.ny.gov](http://www.dps.ny.gov), click on "File Search" (located under the heading "Commission Files"), enter "24-E-0498" in the box labelled "Search by Case Number," and then click on "Post Comments" located at the top right of the page.

Alternatively, comments may be mailed to the Hon. Michelle L. Phillips, Secretary, Public Service Commission, Three Empire State Plaza, Albany, New York 12223-1350.

Dated: November 1, 2024
